

VacuMove bale lifter pharma industry 4522

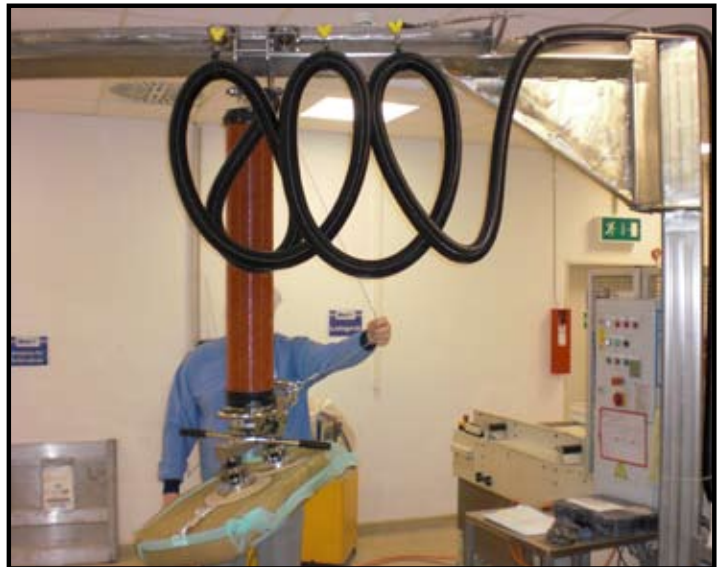

Project number: 4522 BALE LIFTER
Industry: Pharmaceutical

We lift rubber blocks with a stainless steel version VM160, the load weighs approx 100 lbs.

The special suction foot for rubber bales has been used, (#4522) in stainless steel.

The VM unit is in stainless steel because this company works in a very clean area (almost clean room).

The jib crane is a special low head room solution in stainless steel (SY9256).
